Professional Summary

I am a software developer with over 3 years of experience in the Blazor framework, designing high-performance web components. I excel at identifying and fixing performance issues, collaborating with product managers, and quickly resolving critical problems. I am committed to high coding standards and proficient in Agile Scrum practices. I am seeking a role where I can apply my skills and grow in emerging technologies and my evolving knowledge of AI-assisted development.

Technical Skills

- **Programming Languages:** C#, JavaScript, TypeScript
- **Frameworks & Tools:** Blazor, ASP.NET
- **Web Technologies:** HTML, CSS
- **Development Tools:** Git, Visual Studio
- **AI & Productivity Tools:** Prompt Engineering, AI-enhanced workflow
- **Practices:** Agile Scrum, Code Reviews, Performance Optimization

Professional Development

Prompt Engineering for Developers

Self-directed Learning – 2025

- Gained foundational knowledge of crafting effective prompts for generative AI tools.
- Explored use cases in debugging, documentation, code generation..
- Applied skills in daily development to accelerate problem-solving and enhance component design.

Work Experience

SOFTWARE DEVELOPER LEVEL 2

Syncfusion – Chennai, Tamil Nadu

September 2022 – Present

- **Blazor Framework Expertise:** Developed and maintained advanced web components using the Blazor framework for over two years, ensuring high performance and seamless integration.
- **Component Innovation:** Led the development of new Blazor components, including the feature-rich Blazor Spreadsheet, improving usability and functionality.

- **Agile Development:** Actively participated in daily stand-ups, sprint planning, and retrospectives to drive efficient workflows.
 - **Syncfusion Gantt Chart:** Spearheaded the development and optimization of the Syncfusion Gantt Chart component for Blazor ASP.NET, addressing performance challenges to enhance user experience.
 - **Collaborative Problem-Solving:** Partnered with product managers to develop user-centric solutions and swiftly diagnose and resolve critical issues.
 - **Code Quality & Reviews:** Maintained high coding standards through rigorous code reviews and constructive feedback loops.
 - **Product Enhancement:** Identified and resolved performance bottlenecks, aligning technical solutions with business objectives.
-

Soft Skills

- **Team collaboration** – Work seamlessly with cross-functional teams
 - **Time management** – Deliver tasks efficiently within deadlines
 - **Problem-solving** – Resolve issues with logical and creative thinking
 - **Communication** – Share ideas clearly with technical and non-technical teams
 - **Creativity** – Craft innovative features and UI experiences
 - **Conflict resolution** – Handle team challenges with professionalism
-

Educational History

- **Ramco Institute of Technology**
Electronics and Communication Engineering (B.E)
CGPA: 7.3/10
2019 – 2022
 - **N.A. Annamparaja Memorial Hr. Sec. School**
HSC Percentage: 76.7%
2018
 - **N.A. Annamparaja Memorial Hr. Sec. School**
SSLC Percentage: 80%
2016
-
